

## George and Awn in Thailand

Awn woke up and shared a dream with me. It was about Kids getting Covid. She said, "I want to help people, I believe God is asking us to help."

About 10AM Somboon called and said she had an idea. You can read more about [her idea here](#). Suffice it to say Somboon had a plan to help people in the Covid field hospital. Awn because of her dream was very open to the idea. Pictured here you see what we did.

We asked, and they said the facility needed Water, tissues, and toilet paper. Again, [read about this here](#). It is a good story, but just the context for this.

When the officials came by to pick up these gifts Awn asked, "Is there anything else we can do?"

They told us, "Earlier today 16 kids from the DoiSaket Day Care Center tested positive for Covid. They have been Quarantine and several are symptomatic. It is very sad. Here is the number for that Children's field hospital. You can call and see what they might need."

This confirmed for Awn that God had spoken to her in the dream.

This morning we awoke and I saw this news report, [New COVID Cluster at Chiang Mai's Day Care Center](#). Sixteen kids ages 2 to 6 years old. And this Day Care is about 3 km (2 miles) from our home.

In Acts 16:9, 10 we read, "During the night Paul had a vision of a man of Macedonia standing and begging him, 'Come over to Macedonia and help us.' After Paul had seen the vision, we got ready at once to leave for Macedonia, concluding that God had called us to preach the gospel to them."

As in the Somboon story linked above, we have talked together, we have concluded and we will mobilize our networks to respond to the needs of these children. It seems clear God is asking us to.

Please Pray that we are genuinely helpful. That our engagement clearly honors our King and clearly speaks of the Good News. And for this to deepen our love for one another, and for our neighbors. Many of our neighbors are participating with us.

Listening To Him, George and Awn
